1 I don't know if you have that handy or not.

2 Q. It's probably in that group, but that's okay.

3 A. Okay.

4 Q. I'm less concerned about the documents at this  
5 point. I can -- I can kind of read those and kind of get a  
6 clue. I'm trying to just know what you recall independently  
7 of the documents.

8 So what do you recall from that morning in your  
9 interaction with her?

10 A. As I was walking by the cell, she did instruct me  
11 that she did not feel well and needed to see the nurse. I  
12 told my supervisor, which was Ben Moore. He told me to go  
13 get the nurse. She was out back smoking at that time on a  
14 break. I went out to instruct her that she didn't feel well  
15 and needed to see her. She said she would be in in a few  
16 minutes, she was going to put her cigarettes up. And within  
17 a couple minutes she was in.

18 Somewhere during that time frame, it was either Ben  
19 or myself or Ben and myself had got her to a chair there at  
20 the counter. We did realize that -- I don't remember if this  
21 was right before or right after the nurse come in that she  
22 had had a bowel movement. He instructed me to go -- to go to  
23 upper control because he was going to move some people around  
24 to get a female, which was Ms. Gizzi-Bell, to come to booking  
25 to help assist with her.

1           And then that -- that was kind of it for me. I  
2 went to the control room. I -- I did not know that anything  
3 had went -- had took place further until I seen EMS pull up  
4 out back.

5           One of the cameras that kind of showed the back  
6 parking lot are right there at the booking door. That was  
7 the next time that I -- that I realized something had went  
8 wrong.

9           Q. Did you have any further interaction with  
10 Ms. Hulsey or this incident?

11          A. No, sir.

12          Q. All right. Did you contact 911 or have any  
13 conversation with 911 about this incident?

14          A. No, sir. My supervisor did.

15          Q. All right. Did you travel with Ms. Hulsey to the  
16 hospital or anything like that, deal with the --

17          A. No, sir. I believe another officer had followed  
18 EMS there.

19          Q. All right.

20          A. It wasn't me, though.

21          Q. You don't have any access or control over any of  
22 the videos at the jail, do you?

23          A. No, sir.

24          Q. Okay. You mentioned you could see it at the  
25 control room, I guess.
